Laden vehicles – training and testing

- Loads for small trailers have been changed so a wider range of materials can be used.
- Find full load requirements on GOV.UK search 'laden testing'.
- Trainers can start training on them now.
- Driver CPC.

Auto transmission

- Consultation open until 26 August on European changes to driving licences and test requirements, including proposal to:
 - let people who take a lorry or bus test in an automatic vehicle get a manual licence for those vehicles, if they've already got a manual licence for any of the following (with or without trailers): cars (cat B), medium-sized vehicles (cat C1), large vehicles (cat C), minibuses (cat D1), buses (cat D)

To be introduced by 31 December 2013

Deadlines approaching for ‘acquired rights’ drivers:

- 10 Sept 2013 – bus and coach
- 10 Sept 2014 – lorry

European Commission currently running consultation on effectiveness of Driver CPC
– closes 25 October.

Driver CPC exemptions

- Following Consultation the following drivers are now exempt from Driver CPC:
 - those driving within 50 km of drivers base (no passengers/goods)
 - those driving to and from VOSA testing

However the majority of drivers still need it and over 643,400 of the estimated 500,000 to 750,000 are doing periodic training.
